CREATING INSPIRATIONAL
KITCHENS SINCE 1986

Over the last 30 years we have built an enviable reputation for not only creating beautiful, hand crafted kitchens here in the UK but by offering the kind of customer service that others can only aspire to.

The collection you are looking at here is...

...other collections include:

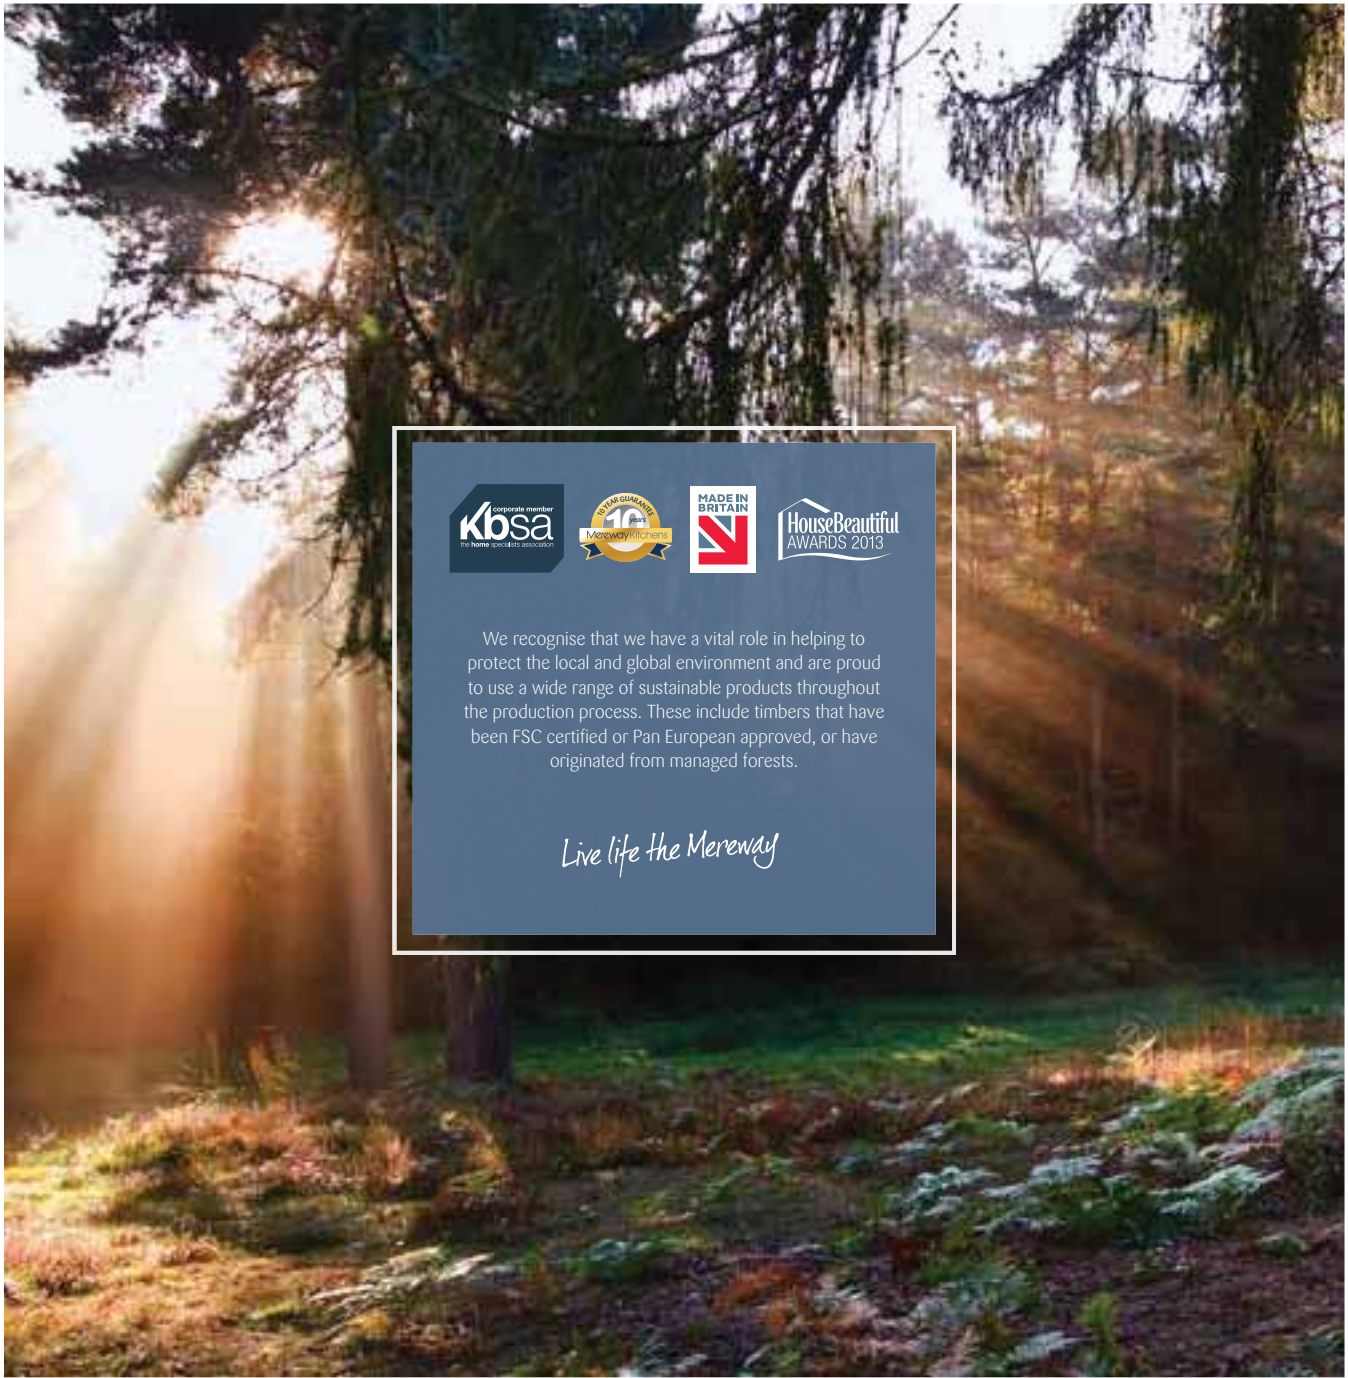

ENGLISH REVIVAL

Cucina Colore

All our kitchens are constructed using traditional materials and methods with an obsessive attention to detail. We are confident that you will not find comparable kitchen's built quite like this.

That's because our way, we believe, is the best way and that way is the Mereway.

1986	1989	1992	1994	1995	2005
Early Carcass Unit An example of one of our first carcass base units illustrating glued and dowelled rigid construction, Continual adjustable legs and single piece plastic drawer box.	Our First Premises Production of kitchen carcasses for independent retailers starts in a small 2000 sq. ft. warehouse at Unit 8, The Fordrough, Birmingham.	Colour Co-ordination Originally only offered in Light and Medium Oak, we are the first kitchen company to produce a colour co-ordinated carcass unit. Thought novel at the time, it is now considered the hallmark of a quality kitchen.	Superior Carcass Quality Publicity stunt by a Mereway customer demonstrates the strength of our rigid glued and dowelled Mereway 'car'cass units.	English Revival Collection Mereway develop and introduce a new range of classic period kitchens aimed at the bespoke market.	New Mereway 'Complete' We launch the facility for customers to order units and doors from one supplier and move from being a component supplier to a full kitchen manufacturer. We go to market with our first full colour brochure and turnover increases by 43% in just one year.
					Mereway Bathrooms Mereway Bathrooms move to a separate production site of 30,000 sq. ft. and is established as a separate company.

We recognise that we have a vital role in helping to protect the local and global environment and are proud to use a wide range of sustainable products throughout the production process. These include timbers that have been FSC certified or Pan European approved, or have originated from managed forests.

Cucina Colore The market sees a move towards experimenting with colour. We respond with the introduction of a new collection of contemporary Italian inspired designer kitchens which accounts for over 20% of our business within the first 12 months.	English Revival Mereway Kitchens invest in new spraying, polishing and finishing technologies to become one of the first UK manufacturers to produce high gloss door finishes in-house. The second generation of English Revival is launched.	First Viral campaign While celebrating 25 years of Mereway, we created a film of a tank showing the quality of our kitchens compared to flat pack. The film goes viral and is a huge hit. Visit www.merewaykitchens.co.uk	English Revival Modern Classic Mereway Kitchens create a new look with the launch of their English Revival Modern Classic range. This is widely recognised in the industry and is nominated for the prestigious KBB most innovative kitchen design award.	Town & Country Mereway Kitchens launch a new concept where the look of the kitchen can be changed dramatically through careful choice of range content.	30 Years of Mereway Now firmly recognised in the industry for our market leading quality and service, Mereway celebrate 30 years of success.

Meet the twins.

They have a lot in common and share everything, especially their opinions on the latest looks, styles and trends.

When it comes to choosing a kitchen, both share a love for the good things in life and seek our exceptional British quality, detail and craftsmanship.

Neither of them will accept anything less than the very latest designs, tailored to their particular tastes.

There's no way these two will buy an off the shelf, run of the mill kitchen.

There is one big difference between the two though...

One lives in the town and loves everything chic, modern and contemporary. The other lives in the country and has more traditional tastes.

Both will find all the styling options they are looking for, to create their perfect kitchen at Mereway.

You too will find yours. A unique British crafted kitchen that you will enjoy for years to come, no matter where you live or whatever your tastes.

That's the beauty of the...

“Simple cooking is all about combining ingredients to create a plate of food.

Great cooking is about the seamless marriage of a variety of exciting ingredients that creates a dish that's truly unique and memorable.

I, like Mereway, believe in having a variety of ingredients to choose from. Everything from old favourites to new discoveries, from the traditional to the contemporary.

It is only when you have all these to hand, that you can then combine them in a variety of ways to create everything from the familiar to the unexpected.”

hello@garethkyle.co.uk

Call me 'adventurous' but I like the Mereway of doing things.

Gareth Kyle is a lover of good food and lives in the beautiful North East of England.

He has been cooking for as long as he can remember and was inspired by watching Keith Floyd on TV with his Dad.

Gareth has taken part in a number of cooking competitions and was a winner of the 2012 EAT! Newcastle Gateshead 'Trial Shift' Competition. In 2011 he won the BBC Masterchef Live Champions London Studio Cook Off and in the same year he was a BBC Masterchef's Live Good Food Show Summer winner. He also holds a Guinness world record for the longest individual cooking marathon having cooked for a staggering 41 hours.

...it's all about choice

My TOWN HOUSE — KITCHEN —

My kitchen is everything I hoped it would be.

It's chic, contemporary and a great place to hang around in with friends and family.

There were so many style options available on nearly every single piece, I was spoilt for choice and could raise or lower the 'chic factor' to a level I was happy with.

I now have my ideal kitchen.

As you can see opposite, my sister, with her more traditional tastes, would have created a kitchen that looked equally as stunning.

... but then it's my house, so it's my choice!

...it's all about choice

My perfect town house kitchen

My sisters more elegant option

My perfect country house kitchen

My sisters more contemporary option

My COUNTRY HOUSE — KITCHEN —

This is my kitchen and it's turned out exactly how I wanted it to.

It's warm, welcoming and traditional but still has all those modern bits 'n' pieces that makes it a pleasure to cook and entertain in.

Having so many style options to choose from made it all possible. I could have all those desirable features that make cooking and entertaining a pleasure but still retain the looks of a traditional kitchen.

It wouldn't be to my sisters taste - she would have created a more contemporary option but then, as she said

... it's my house, so it's my choice!

...it's all about choice

How we created the individual kitchens for both the town and country house.

It's all about selecting the preferred piece from the different style options available.

From chic and contemporary to...

- 1. *Wine Chiller*
A sleek glazed stainless steel wine chiller provides a modern way to store your wine.
- 2. *Tall Oven Housing Unit*
Use these in pairs or triples to create a modern bank of units for food preparation and cooking appliances.
- 3. *Square End Shelf Unit*
Create a modern and functional display area at the end of your island. Perfect for cookery books/utensils and ornaments.
- 4. *Contemporary Glazed Wall Units*
Available in a variety of colours (base and wall units) these cupboards provide illuminated feature storage for cups/glasses and crockery.

...timeless and traditional.

- 1. *Open Base Wine Rack*
Practical storage for your bottles of wine in a more traditional yet functional way.
- 2. *Classic Mantle*
Create a traditional cooking area by choosing a range cooker and surround it with a classic mantle with side opening storage for cooking ingredients/herbs and spices.
- 3. *Wicker Basket Base Unit*
A timeless focal point for the island, gives useful storage for vegetables & fruits with traditional wicker baskets as well as a useful shelf for cookery books.
- 4. *Double Wall Cupboards*
These opulent double wall cupboards are useful to store kitchen items in a traditional setting.

Ask your Mereway premium partner to go through the many style options including handles, plinth, cornice and feature items which will help you create your desired look.

From timeless and traditional to...

- 1. *Wooden Mantle*
Every cooks dream, a traditional Aga surrounded by a feature mantle with traditional tiling and storage drawers for all of those cooking tools and utensils.
- 2. *Dining Table and Chairs*
Create a true country kitchen by incorporating a farmhouse table and chairs.
- 3. *Open Display Wall Unit*
Perfect for showing off your best crockery and creating a practical storage area.
- 4. *Wicker Basket Base Unit*
Perfect storage for pots, pans, fruit and vegetables that allows easy access for the regular cook.

...chic and contemporary.

- 1. *Contemporary Mantle*
Create a modern cooking space with glazed splashback and contemporary range cooker surrounded by a minimalist mantle to give a modern look.
- 2. *Island Unit*
Create an informal eating area with practical storage and cupboard space.
- 3. *Vertical BiFold Wall Cupboard*
State of the art electronics allow push opening to reveal a illuminated modern space to hideaway every day items.
- 4. *2 Drawer Base Units*
This practical storage solution conceals your pots and pans to create an uncluttered look.

Over the next few pages, let us inspire you with some ideas and you can begin to create a kitchen that's as individual as you are no matter where you live or whatever your tastes. *That's the beauty of the*

Choose your worktop finish

UrbanTop laminate worktops provide the essential combination of functional performance and creative flexibility to ensure your kitchen will look it's best.

Worktop finishes

A fantastic alternative to natural worktops and solid surface, great looking and a hard wearing option that won't let your kitchen design down in any way. They are stain, heat and impact resistant and available in a variety of colours and finishes to suit every taste.

Worktop Specifications

Thickness	38mm
Number of finishes	16
Widths	1,500 to 3,000mm
Standard Depths	640, 940 & 1,200mm
Edging thickness	1.5mm Edged all round
Worktop Edging	Matching Worktop Finish in Linear or Plain
End Finishing for Woodgrain	Butchers Block End Grain
Cut & Edged	Up to 3,000 x 1,200mm

Durability

The laminate surfaces are designed to withstand the stresses & strains of daily life, due to their high resistance against scratches and impact. Compared to real timber, our worktops are less prone to fading and changes after being exposed to direct sunlight. They are incredibly easy to look after, and unlike solid wood or stone surfaces, require minimal maintenance or repair.

Stain Resistance

To remove those hard stains such as red wine and coffee, simply use a damp cloth & mild surface cleaner to easily remove in minutes.

Impact Resistance

Every now and then, items stored away in cupboards can fall onto the surfaces. Our high density worktops are designed to withstand the impact of such items.

Heat Resistance

UrbanTop worktops have been rigorously tested against surface temperatures of up to 180 degrees and are designed to cope with the daily demands of a busy kitchen. We do however recommend the use of heat deflector plates above all built under ovens and dishwashers to protect the underside of the worktop surface.

Lightfastness

Unlike real timber, our laminate worktops are significantly less prone to fading and changes in colour caused from exposure to sun light.

Butchers Block

To create an authentic 'real wood' look UrbanTop have developed an 'End Grain' effect edging we call Butchers Block that is applied to the worktops at both ends giving the impression of real timber.

5 Year Guarantee

We're so confident that you won't be disappointed with the quality of our worktops that they come with a 5 year guarantee!

Town & Country Cabinet

With extensive experience in both development and design, we are proud to offer one of the most highly specified cabinets available. All our kitchens are made to fulfil your individual order, and are manufactured to the very highest of standards.

Our quality drawer boxes are fully extendable allowing unrestricted access to the contents, and our 'soft close' system cushions both doors and drawers protecting fingers, cabinets and contents.

Choose from handles, plinths, feature leg systems and end panels to complete the look.

Benefits:

1. Rigid glue and dowel construction in 19mm high density material
2. Colour co-ordinated exterior/interior
3. Co-ordinated solid 19mm top shelf for extra rigidity
4. Co-ordinated solid 8mm back panels in all units
5. Concealed adjustable fixing brackets to attach unit securely to wall
6. 47mm working void for easy access to electrical and plumbing services
7. Drawer boxes with full extension and integrated Blum 'soft close' system
8. 110° Blum® Integrated Soft Close Clip-on Hinges for easy installation and adjustment
9. Adjustable shelves - 1 in Drawline, 2 in Hi-Line - supported by stainless steel shelf pegs
10. Adjustable high quality legs to compensate for uneven floors
11. Robust thermoplast in ABS edging on all cabinet edges.
12. Integrated door buffers
13. 10 year Guarantee on all cabinets

Mereway Cabinet The Ultimate Test!
